Everything you need to know about our web design, hosting and SEO services...

10 REASONS
you should choose [whelk]

You deserve a web site that fits your needs

At **[whelk]**, we offer services that will help you find your way, by creating a website that will grow your business as it continues to evolve.

Let us guide the way...

1 WordPress...

The **[whelk]** team only works with **WordPress**.

Why? Because more than 75 million sites us it. How about The New York Times, Mercedes-Benz, CNN, Ebay and many more, all on **WordPress**.

WordPress is a web content management system that offers control, versatility and all the security you could ask for — without compromise.

That means, expensive programming fees are pretty much a thing of the past. Now, you also know why so many programmers hate **WordPress**.

2 Avada Theme

WordPress works with creative templates which are commonly referred to as "themes".

Avada, is by far the **#1** theme for **WordPress**. With over 215 000 websites built with it to date, it's not surprising that it's the only theme **[whelk]** uses!

Bu that's not all... **Avada** offers **18** creative templates that let us integrate your content your way.

Not only do you get a state-of-the-art website that promotes your business, you get the ultimate web platform to show off your products and services as well.

3 Responsive?

These days, more than **80%** of web users are online with a smartphone or a tablet of some kind.

For that reason, all **[whelk]** websites are "**responsive**", in other words, they are perfectly adapted to display properly on tablets and mobiles.

Your **[whelk]** built website will always look great, no matter what screen it's on.

4 e-Commerce

Want to sell your products and services online? Nothing could be easier as everything is already in place.

Your new website, constructed with any one of **Avada**'s **18** creative templates has all the e-commerce functionality already built-in thanks to **WooCommerce** integration.

[whelk] offers new business opportunity, everywhere. How about that?

5 Online Forms!

Need to know more about your customers? Wnat to get more than just a plain e-mail asking for additional information?

It's good to know that your new **[whelk]** website, powered by **WordPress** and the Gravity Forms plugin let you get as much information as you want out of potential new business inquiries.

So many possibilities... All in good form!

6 Social Media ;)

The good news... It's also included!

With a **[whelk]** website, social media is on center stage, helping you grow your online presence with all the big names you already use.

Your **FaceBook** page, your **YouTube** videos, your latest "tweets"... Yes, it's all there!

7 Optimisation

Your new **[whelk]** website will work great and look great too. But let's make sure people find it once we're done!

We integrate all of the latest **SEO** techniques out there, insuring your website gets all the organic traffic it deserves.

On the other hand, for it to rank strong, we'll need to use tools from **Yoast** and **Google Adwords** to get there quickly.

Our **SEO** skills go beyond that of great website design. We have the experience and knowledge to make sure of that.

SEO = Search Engine Optimization

8 Great Price!

At **[whelk]**, we believe that you're entitled to a well made website, at a great price to boot!

We only build websites using **WordPress** and we only work with the **Avada** theme's creative templates which makes us experts at our job.

That's the main reason why we produce sites so quickly, affordably and above all, at such low rates.

All said, **[whelk]** will save you time and money. Do you need any extra convincing?

9 Promotion...

For every web page **[whelk]** produces, you'll get a month of free web hosting on our servers.

7 pages = 7 months of free **(mt)** hosting!
